Permissions to publish images

The authors declare that they have the necessary permissions to use the images included in the article.

The Revista Panamericana de Pedagogía and Centros Culturales de México A.C. are exempt from any liability for possible claims for the use of these images.

Articles involving the use of artificial intelligence tools

- 1) The journal adopts the [WAME Recommendations on Chatbots and Generative Artificial Intelligence in Relation to Scholarly Publications](#).
- 2) Authors must assume public accountability for their work. Authors are responsible for the work performed by a chatbot in their article, including the accuracy of the information presented and the absence of plagiarism, and for the proper attribution of all sources (including material produced by the chatbot).
- 3) Only humans may be authors. Chatbots and AI tools may not be authors.
- 4) The journal does not accept articles mass-generated by one or more AI tools.
- 5) Editors use appropriate tools to help them detect content generated or altered by AI.

Rights and Conflicts of Interest

The undersigned authors transfer in **perpetuity** the copyright of the final work to the Pan-American Journal of Pedagogy.

They further declare that they have respected the ethical principles of research and are free of any conflict of interest.

Ethical compliance

The authors have the approval of their institutions' ethics committees to carry out their research and that it is conducted in accordance with current regulations and with respect for the principles, commitments and ethical and safety requirements in research.

Open science objects

The work includes the URL that provides access to the repository where any open science object related to the article has been deposited, including open research data, open source code or software, open methodologies and protocols, preprints...

Reviewers' suggestion

Authors may suggest reviewers who are experts in the subject matter of their article. The editor will consider these suggestions if necessary, after verifying, to the extent possible, that there are no conflicts of interest between the author and the reviewer.
